A MEMORIAL FOR " MR. JIM "

Plans are being made for a living memorial to James E. Hendry, one of Florida's favorite "pioneers in beauty" who was fatally injured in an automobile accident last year.

All who would like to share in this tribute to Mr. Hendry are invited to mail checks, payable to the James E. Hendry Hospital Garden Fund, to Sidney Davis, P.O. Box 8, Ft. Myers, Fla. Mr. Davis is the treasurer of the fund.

"HIBISCUS FOR GALVESTON"

is a motto which if put into practice would add much to the beauty of that city is the belief of :
Rev. Edmund H. Gibson
12 Cedar Lawn Circle,
Galveston, Texas.
Rev. Gibson has printed a pamphlet (thanks for our copy) the contents are but the result of his experience over the past six years. He has made the collecting and culture of Hibiscus his hobby and is happy to pass on what he has learned for the pleasure of others and the beautification of Galveston.

Simple notes on cultivation and some of the reasons for highly recommending Hibiscus for general planting in and about Galveston are :

1. The plants are well adapted to the climate.
2. No especial preparation of soil is necessary.
3. Watering is only necessary only during periods of drough.
4. There but few insect enemies or fungus diseases.

Rev. Gibson lists the varieties which he has in his garden(23 printed pages) he has tried and discarded many other varieties. He will be happy to give a fuller description of any of the listed varieties upon request. Visitors to his garden are invited at all times.

Thank you Rev. Gibson.

" BEAT THE RECORD "

is a project of the Jas. E. Hendry Chapter of Ft. Myers, Fla. The nomenclature Committee is keeping a record by name of grower & date of the largest bloom of each variety grown in their area. Eventually they will have a grand record of the largest size bloom that can be expected from each variety.

While they are grateful & pleased with their accomplishments so far, they are looking forward to the future for bigger & better activities and results.
